Dear Client,

You have requested a written prescription from one of the North Mecklenburg Animal Hospital Veterinarians to purchase a medication from an Online Pharmacy.

As always, the doctors and staff of North Mecklenburg Animal Hospital are committed to the health and safety of your pet. Before we provide you that prescription, we request this waiver be signed for a Release of Liability. By signing this document, you acknowledge that we have informed you that purchasing prescription drugs from an internet pharmacy may be harmful to your pet.

The National Association of Boards of Pharmacy has issued a release a release, which we have enclosed for your benefit. The NABP advises all consumers to be aware that many Online Pharmacies sell counter fit, contaminated, unsafe and short dated drugs, both for humans and animals. These drugs are known to be shipped and stored in an unregulated manner. Many of these sites are operating illegally, from foreign countries where medications are shipped here with no governmental oversight. Even the best of these pharmacies obtain name brand drugs from unethical sources.

The drug manufacturers tell us regularly they will not warrant safety, purity, or efficacy when marketed through these sources. However, if purchased through a licensed Veterinarian warranties are honored. Our clinic cannot take responsibility for the safety of drugs purchased through an Online Pharmacy.

By your signature below, you agree to hold us harmless in this matter. Upon receipt of this disclaimer, we will forward a signed prescription to the Online Pharmacy that you have chosen.

Should you have any questions concerning this matter, feel free to contact our office for further information.

Sincerely,

John P Schaaf, DVM
